TELANGANA TRIBAL WELFARE
RESIDENTIAL EDUCATIONAL INSTITUTIONS' SOCIETY[®]

ACADEMIC CALENDAR
2016-17

DAMODARAM SANJEEVAIAH SAMKSEMA BHAVAN
MASAB TANK, HYDERABAD - 500 028

Message

Dr. R.S. PRAVEEN KUMAR IPS
SECRETARY
TTWREI SOCIETY, HYDERABAD

The TTWREI Society in the recent times has become exemplary to even the educational institutions in the private sector. I accord this success to our meticulous planning and implementation of a multitude of activities in all our institutions in the Telangana State.

Education is a harmonious blend of scholastic and co-scholastic activities which if imparted in a systematic manner will elevate, enrich and empower the young aspirants from the marginalized communities. The absence of proper planning would jeopardize the future of so many young tribal students who are getting admitted into our colleges with high hopes and dreams.

I hope that all the TTWRE Institutions abide by the Calendar of Events 2016 -17 in letter and spirit and ring in another successful year.

Hyderabad

Dated:

Dr. R.S. PRAVEEN KUMAR IPS

SECRETARY

TTWREI SOCIETY, HYDERABAD

Preface

The TTWREI Society has been catering to the educational needs of marginalized children since its inception. The achievements of the Society so far would not have been possible without meticulous planning and scrupulous implementation. The conventional approach to teaching has been replaced of late by innovative practices and interactive methods to enable the students to reach their fullest potential. The Calendar of Events 2016-17 has been designed to include holidays, celebrations, scholastic, co-scholastic and administrative activities, tests and examinations schedule and all other directions necessary for administration of an educational institution with sufficient clarity and uniformity.

The book will serve as a Handbook for the Principals and staff prepared with a view to achieving physical and psychological development apart from academic excellence in our tribal institutions. The book will help them prepare the students as the future citizens to meet the challenges in their life to prove that our students excel in all activities if opportunities are provided.

It is hoped that the Calendar of Events 2016 – 17 would kindle the interests and aspirations of the students and guide them towards realizing their dreams.

D.SUDHAKAR

OUR MISSION - OUR VISION

The TTWREI Society, with a view to envisaging its students' success stands high in all spheres of development implementing various innovative programmes in all its institutions. It is dedicated in chalking out various programmes for the inmates who belong to the scheduled tribes with a poor economic background. The vision of the Society is to quench the intellectual thirst that exists in the aspirants.

The mission is to sow the seeds of curiosity among the students to become creative, competitive and communicative and enhance their personality through the promotion of various activities. It is strongly believed that a sustained and progressive exposure to language (E + plus clubs) and a focus on Maths & Science (Operation Einstein) will certainly be a 'cause célèbre'. These activities are a boon for the students which will give them an edge over other students.

Along with densely packed text book information, the students are exposed to myriad activities which invigorate their body and mind and prepare them to become torch-bearers of the society. In its entirety, the Society aims at making its students the insignia of the "best society" it can create for a better world.

TELANGANA TRIBAL WELFARE RESIDENTIAL EDUCATIONAL INSTITUTIONS SOCIETY

A day in TTWR JUNIOR COLLEGE

Parents

Teachers

Students

A POSITIVE RELATIONSHIP

To foster a positive relationship with not only the students in our Residential Institutions but also their parents calls for effective communication. It paves the way for the family's involvement in the education of their child many Telephone calls, Personal meetings, Impact, Annual Day celebrations, visiting students homes are all likely modes of involving parents.

Knowing how important it is to draw parents into the fold, TTWREIS has broken ice through QUEST a visit to the homes of the students, in an effort to understand the eco-system of the learner. A deep understanding of the environment of the student will definitely benefit the parents, learners, the teachers / education system.

Benefits to Parents:

Parents benefit by learning how to help their child perform well in the School set up without encroaching upon the School's line of control.

Benefit to students:

Involving the parents benefits the students by improving their behavior, attendance besides increasing motivation in learning.

Benefit to Teachers:

There is increased understanding of the Teachers in the Child's behavioural traits consequently, the teachers feels less burdened and can focus on teaching / facilitating learning.

The positive attitude of the parents improves the morale of the Teachers! Hence, let this year focus more on the parents. Let's pursue QUEST with zest!!

Entrance Examination Notifications Calendar (Attach the Table here)
